# DIVERTER

Experience **luxury and convenience** with the Elvera Thermostatic and Flow Control Diverter. Designed for ultimate comfort, this diverter maintains a consistent water temperature while allowing seamless transitions between your different functions of showerhead, body jet, hand shower, spout. Enjoy a luxurious and safe bathing experience with precision temperature control. Experience effortless water management with the Elvera Flow Control Diverter. This sophisticated solution allows you to easily regulate and redirect water flow between multiple bath fixtures, providing precise control over distribution. Switch between outlets or enjoy simultaneous use with our state-of-the-art design, tailored for modern bathrooms.
